Previously closed at sunset, the pool can now be booked by couples looking for private relaxation, with a completely customizable experience. The award-winning pool is a draw during the day, but for the handful of guests granted access overnight, the space will likely take on a different appeal.

Serenity now

Four Seasons' Serenity Pool has been named one of the best by both Cond Nast Traveler and Robb Report. The adult-only area includes two saltwater pools, bubble loungers, six cabanas decked in Missoni, whirlpools and underwater music.

From the pool, guests have an elevated view of the Pacific ocean, Lanai and West Maui Island. Open at 7 a.m. each day, the pool inspires early wake-up times for those hoping to secure a spot.

The resort is now giving extended access to the coveted locale. A couple can make it their own oasis for an evening, choosing experiences such as a couple's massage or a candlelit swim.

In addition to services, the couple will work with executive chef Craig Dryhurst to design a custom multi-course

dinner.

Four Seasons will work with guests to customize the entire evening, including dinner

Four Seasons Maui has previously courted couples with packages built for two.

The property created a getaway for couples that is affordable with a wide range of pre-planned activities.

The "Experience More" program combined with the "Couples Season" will create an incentive for couples to book a fall vacation. Four Seasons' affordable vacations will likely generate attention among aspirational guests looking to stay at a top hotel, but previously have lacked the finances to do so ([see story](#)).
