[Tesla idling California plant to prep for Model 3](#)

Tesla Inc. said on Wednesday it will shut down production at its California assembly plant for a week this month to prepare for production of its high-volume Model 3 sedan, moving the company closer to meeting its target to start production in July, per Automotive News.

[Inside Dior and the rise of mansplaining in style documentaries](#)

There is a new trend in fashion that is beginning to chafe, and it has nothing to do with the current vogue for Balenciaga stiletto-heeled tight-boots: it's about mansplaining, which is on the rise in style documentaries, according to The Guardian.
