The automaker's highly anticipated vehicle has officially been revealed to the western hemisphere in an unveiling by Alejandro Alijanti, CMO of **G&G Business Developments** and Nicolette Brent, UK consul for Florida on Nov. 24. Owners of the Signature apartments will attain the new SUV model as part of the Aston Martin Art of Living.

"We're delighted that the first customer DBX built for The Americas is here in Miami," said Germn Coto, CEO of G&G Business Developments, in a statement. "This brand-new Aston Martin joins our DB11 and Rapide S sports cars, enabling purchasers of the Signature condos to test drive the DBX and the DB11 directly from our Sales Centre before deciding which Aston Martin is right for them.

"The fleet at the Aston Martin Residences forms part of our exclusive butler service, which enhances the ownership experience by offering personal support for our valued clients and VIP guests," he said.

Riding in style

DBX signals a new era in Aston Martin's pursuit to deliver exceptional performance, style and usability in a segment previously unexplored by the manufacturer. Combining the versatility and indulgence of a luxury SUV with sports car levels of performance, DBX is setting a new standard in the sector.

With its unique style, DBX celebrates Aston Martin's design language in a new form. In jet black with 22" sport wheels, an obsidian black interior, piano black wood veneer and satin chrome detailing, the Aston Martin Residences' DBX makes a bold, modern statement.

Owners of the exclusive signature condos at Aston Martin Residences have the choice of the *DBX Riverwalk Edition* or *DB11 Riverwalk Edition* to complement their new homes.

Foundation work for the luxury high-rise, scheduled to be completed in 2022, was finished in June 2019. Located at 300 Biscayne Boulevard Way and the mouth of the Miami River, the Aston Martin Residences is already one of the most in-demand addresses in South Florida.

Reaching nearly 820 feet in height, the Aston Martin Residences will be the country's tallest residential building south of New York ([see story](#)).
