Called the Private World collection, VistaJet is offering seamless travel experiences to various destinations including the Bahamas, Mongolia, Greenland, Antarctica, Namibia and Jamaica. VistaJet will be providing members with private travel take-off, lodging and destination experiences.

Exploring the world with VistaJet

For its new collection, VistaJet is continuing its partnership with several travel organizations including Pelorus, Kisawa, EYOS, Guest, Wilderness Safaris and Based On A True Story.

For the Bahamas offering in collaboration with Pelorus, families will be invited on the ultimate treasure hunt, inviting younger guests to find pirate treasures. Members will be invited to participate in conservation efforts, researching whales, sharks and other marine life as they explore a submarine.

Travelers in Mongolia can discover the remarkable landscapes while staying in tents with luxury touches. Image credit: VistaJet

In Mongolia, in collaboration with Based On A True Story, guests can explore the nomadic land's rolling hills, Lake Khvsgl and the Tsaatan reindeer herders. Travelers will be able to stay in luxury tents.

With EYOS, Greenland-bound guests can explore the region's wilderness by an expedition yacht. Guests can enjoy skiing, close interactions with wildlife and more.

Guests looking to reconnect with nature will enjoy sunrise yoga and meditation on the sand dunes of Kisawa Sanctuary in Mozambique. Members can continue enjoying wellness rituals, including a Japanese infra-red sauna and Ayurvedic massage.

A desert adventure is also available in Namibia with Wilderness Safaris, where travelers can enjoy a desert retreat with nature walks, eco-sensitive quad biking through the famous Sossusvlei Desert and more.

In collaboration with Guest, travelers can enjoy a secluded corner of Jamaica, staying at Panorama, a contemporary villa set on a half-acre of landscaped gardens, offering a 360-degree view of the mountains and the Caribbean Sea.

Earlier this year, VistaJet helped consumers create special moments with a new offering, The Surprise Reunion.

The private aviation firm collaborated with event planners Sharky & George in providing a series of adventures and surprises for passengers. Participants received mysterious packages in advance of their flights, including maps, cryptic messages and clues as to their final destinations where they will spend time with their loved ones ([see story](#)).
