The clinical picture. Symptoms in Children - rickets in adults - twice the motivation, fatigue and demineralization of teeth with the rapid progress of decay (especially pregnant women) and osteoporosis, and pain in the bones, muscles, and paresthesia. Pneumonia or pneumonia - a group of diseases characterized by inflammation of the lung tissue. This diagnosis means that the inflammatory process in some of the affected areas of subtle bubbles air sacs in the lungs minute, making it hard to edit - for the blood is saturated with oxygen and release of carbon dioxide therefrom. If you have shortness of breath on exertion, and feel free to drink more water. It would have been better if, before the start of work in aerobics, shaping, body building, and you have the daily consumption of water to attend 2.5 liters. • sponge masks and peeling. # Effect of drugs (morphine, dextran, methyl dopa, vitamin D). For peeling the body, take a handful of sea salt mixed with oil. To this mixture right way or a draw in the bag (like spices bags in the "flower bath") use, then you need to wash it off in the bathroom. Swimming, be careful, as a result of the oil would be a bit 'slippery. Place the rubber mat on the floor or a handkerchief.. But patients, as evidenced by the history of peoples and individuals to help them be able, when modern medicine (such as malaria, for example, but not limited to) is controlled by a high level of safety of assisted living, and many "filisiusy" We do not We had the misfortune to be, and if the authorities are likely to improve. However, to really appreciate the great achievements of modern medicine, there is no need to refer to the old BPE - can be used as evidence, historically much closer to us. ASZalmanov lead to a historical fact: "There are almost a hundred years, the great French doctor Keychain (key fob) to put the medical center after blowing experience gods hotel: Within a year, he led 50% of patients with certain diseases without drugs and the other 50% of patients with the same disease treated with conventional drugs. vyzdo-rovleny percentage was the same in both groups. ("The Secret Wisdom of the human organ ism ".ml 1966 P.76). It is a pity that the author did not indicate what specific diseases, in this example. But you can bring dozens of diseases and pain GOVERNMENTAL, effective treatment, which has 150, 100, 50 years old, doctors can and sometimes do not even know of their existence. Nature, as a rule, there is a "Chiva-izle", but now they are very treatable in the future -. as it is clear from the information provided previously to the discovery of the genetic mechanisms of opening Dr. Judah Folkman disease and other modern developments -. more progress is likely to affect other words scientific medical benefits during the historical period, in comparison with previous years, it is natural and understandable. In fact, there are slightly more than 150 years, as we know, there is Anesti physiology This explains why not only the surgery, but many other medical devel vatsya almost can not. And for this reason, too, a lot of people in the last days, recovering from surgery, sometimes touted as the time will be put

to certain death or severe disability. Epidemics and pandemics are not free to destroy millions of tens of millions of people resisted the doctors only when nature does not "cure" or that it is no less true, until he tired of doing destructive thing in this case. Syphilis is spreading around the world, the epidemic has also won some doctors do Coto swarm provides antibodies.

Finally, at this time, the exhibition "Innovation". A few years ago, Chi-New York, and I had a television program results very carefully and skillfully performed by a dermatologist investigative activities of journalists. Right there, he could not confirm "our" there (ie, "Russian" If) it. Despite this moment, the case is of particular interest. The main "invention" Dr. Zak-Luciano, he opened an office in room massages, and under cover of copper-Qing massage (sick pay insurance) provides a common patsien facial massage, which they do not have to pay. So he bought one dedicated volunteers and partners who are interested in the prosperity of the pro-business: massage therapists, get a job, and patients (or better, entok-Pacific), who are interested in this service, they have become a free man. In some cases, I have brought this case to emphasize the importance, in my view, in detail, when the journalist said, "innovative" facial skin looks quite healthy patient, the doctor said the height, so that it can be not only a professional, he is a professional, visible, but when a reporter showed him a written statement from another dermatologist professor apparently aware (which, in anticipation of such a response, I think, in advance safe) in which it was written that the women showed signs of long-term pathological changes in the skin, so that self-confident arrogance of his imaginary greatness and invincibility doctor -yeux down and took the young man's eyes, realizing that it can not be saved and is not responsible for Perma soda.
